ANNOUNCER INFORMATION

Our announcer would like to know something interesting to say about you, your drivers, horses or vehicles. This makes the show much more interesting for spectators who come to watch draft animals and their handlers in action. For some folks this show is a trip back in time to their Dad's or Grandpa's farm. For others it could be the first time they have ever seen draft animals and they are keen to learn about the exhibitors and their animals.

Drivers (how long have you been driving, what kinds of things do you do with your horses etc?)

Horses (what breed are the horses, what are they used for, etc?)

Vehicles you are showing (is there anything special about the vehicle – is it restored and if so, how old is it; is it new or a replica – if so, what features does it have that the old vehicle wouldn't have; what was the vehicle used for, etc?)

Anything else of interest to spectators (use the back of the sheet if you need more room)
